

## Other Services Offered by Aztec

The teams and engineers at Aztec are fully committed to providing for all of your IT needs.

With this in mind we are able to offer a full service from home support to full on web design and hosting.

Looking for a reliable and cost effective phone system? well Aztec can provide that for you as well.

Every aspect and area of IT is fully catered for by experianced, reliable professional consultants that can tailor our solutions to your needs.

Give us a call now and find out why Aztec IT really are your one stop shop when it comes to your IT, Communications and Web needs.

For your home support needs, try our sister company Star Techs they offer full remote and on site support for home users. On site visits are currently available in Essex, Kent, majority of London and we are spreading fast!

For all your web hosting needs try our web solutions Aztec Web Solutions cheaper than the rest and far better. We have our own designers in place for a complete solution should you wish us to design and host for you. New start up? then we have fantastic deals on 1 - 5 page sites including contact forms and matching stationary.
